

Two technologies for doors & windows

Secure perimeter protection alerting anyone to
the opening or breaking of doors & windows

Two sensors in one, the MC1/SHOCK-WE is built to give users the peace of mind that their windows and doors are secured. Working as a shock sensor, a magnetic contact or both and available in white or brown, it provides complete flexibility with installations and superior security to the user. Generate an alarm before the burglar has a chance to enter.

MC1/SHOCK-WE

Two-way wireless magnetic contact

Partcode	MC1/SHOCK-WE MC1/SHOCK-BR-WE
Inputs	
Magnetic contact + shock + tamper	✓
Technical Characteristics	
Terminal for N/C input and reed switch	✓
Tamper input	✓
Front and rear tamper protection	✓
Signal Strength Indicators (SSI)	✓
Magnet included	✓
3V lithium battery included	1 x CR123A
Minimum battery life (years)	2
Certifications & Warranty	
Electrical conformity	CE
EN50131	Grade 2
Environmental class	II
	Self-certified
Warranty	2 years

Adaptable, optimised & stylish

- **Different colours available**

Pick from either white or brown (MC1/SHOCK-BR-WE) to deliver the desired look.

- **ABS plastics**

2mm polished finish produces a professional and sleek finish while reducing electrostatic interference.

Faster installation, less invasion, upsell opportunities & the same superior security with two-way wireless technology

- **No wires, no fuss**

As the system is fully wireless there is no need to run wiring by lifting floorboards or moving furniture, saving you time and money.

- **One-Push-To-Learn**

A feature in all Enforcer wireless devices that means learning them onto the system can be done in seconds. A simple one button learning feature for easy installation.

- **Signal Strength Indicators (SSI)**

SSI in all Enforcer wireless devices allow them to be optimally positioned during installation, without the need to refer back to the panel.

Beat the burglar with tamper protection

This ensures that maximum security is maintained against accidental or malicious tampering of the system, providing added peace of mind that the system is secure.

Expand the system with an input

Through the MC1/SHOCK-WE an extra input can be added to the security system to add any other device that the installation requires.

Meet the required security standard with Grading options

The MC1/SHOCK-WE is Grade 2 for the superior security the installation needs.
